OBJECTIVE

A career in the department of electrical engineering in order to expand my horizon and better integrate myself into the working environment.

EDUCATION

Bachelor of Science in Electrical Engineering, Dec 2017

Northern Illinois University, Dekalb, Illinois

GPA: 3.85; Dean's Lists

ADDITIONAL SKILLS

Fluent in English, Urdu

Expert in Microsoft Word, Microsoft Excel, Microsoft Powerpoint, C-based Arduino Programming, B2 Spice, Breadboard Circuitry

WORK EXPERIENCE

Emigratus Co.

Office Assistant, Islamabad, Pakistan, May 2015 to Aug 2015

- [Configured and coded routers by accessing its mainframe and changing the code so it is suited to its required needs
- [Helped serviced laptops by unscrewing them and cleaning them to keep customer satisfied
- [Planned strategic router configuration paths for Emigratus, creating an efficient pathway communication system between Emigratus and Pakistan Tobacco Company

EXTRA-CURRICULAR ACTIVITIES

Mentored elementary and high school kids about the fundamentals of engineering.

Organized SHPE studies every two weeks to help students improve academically

- [Hosted study hours every night for my organizations, increasing academic performance

Demonstrated different experiments and how they work to elementary kids during STEM Fest

Participated in SHPE case studies involving critical thinking and implementation of engineering mechanics

- [Designed a machine within a budget that is useful and understandable to elementary kids

Volunteered at Feed 'Em Soup and the Salvation Army several times, serving the homeless

ORGANIZATIONS

Society of Hispanic Professional Engineers- *Academic Chair* (Feb 2015-present)
